

The Gateway

Published once a week by the Students' Union of the University of Alberta.

Vol. VI—No. 1

Edmonton, Alberta, Monday, November 1st, 1915

Price: Five Cents.

EDITORIALS

The Gateway desires to extend its congratulations to the authorities of the University upon the successful opening of the new Teaching Building. From class-room to convocation hall it is proving itself to be everything that could be desired. The event, an account of which is given in another column, marks another milestone in the growth and progress of the University.

THE NEW GATEWAY

With this issue the new weekly Gateway makes its bow to the world at large. The reasons for this step are numerous and its advantages we think will quite justify the undertaking. In almost every University the trend seems to be towards either a weekly, semi-weekly or even daily paper, and there is every reason why Alberta should keep abreast of the times. In character the weekly stands midway between the daily and the monthly. It is not a newspaper seeking only to relate facts and current events nor yet is it a magazine entirely devoted to articles of a literary nature. But to a great extent it combines the good points of both. News of the week in connection with college affairs may legitimately have a place alongside of articles reflecting the intellectual life of the University.

In size and general appearance this paper no doubt differs from the publications of other universities, and possibly to our disadvantage. But let it be remembered that in this year much must of necessity be sacrificed to economy. For a successful year, however, we must depend upon the student body as a whole. If a college paper is worth while at all it should be given the fullest support by those who are most directly interested. We ask the students for articles, news and sketches and we will gladly welcome any contribution which will help to make the Gateway a success.

With such an aim and support we enter upon our present duties in the hope that this volume of the paper will find growing favor with all our readers.

GREETING

It would be strange indeed if the Gateway were to let slip this opportunity of giving you, the incoming classes of 1919 its customary word of greeting. You are made entirely welcome to all the privileges of our institutions. That in accepting them you at the same time undertake the responsibilities, we must assume.

Many students fail to make the most of the advantages that are offered to them. It is too general an opinion that study is the sole end in view in a college course. Students while poring over their books forget that God has made a blue sky and green fields. We do not mean that you are to scatter your energies over a large number of activities. Select some congenial interests and show your worth by wholeheartedly taking part in them.

One of the greatest advantages of University life, especially where residences are a feature, is the broadening effect of close contact with other students in pursuit of high ideals. Games and exercise, friendships and culture all have an important place; and in welcoming you to Alberta, the Gateway is confident that you will play your part in the interests which are common to all. We assure you that the result upon your studies of such an action will be wholly beneficial.

DEAD ON THE FIELD OF HONOR.

Out of the one hundred and thirty men in uniform from our University, three have fallen on the field of honor. John Parker; H. J. Ball; R. Barnes. We mention their names with solemn pride. They have paid the last great price for the safety and freedom of the Empire. On the altar of Liberty they had laid the most costly offering, rightly called a sacrifice. They have given their lives for us and ours; they will live in the hearts and memories of their fellow students and will be enshrined in the records of a grateful country. But somewhere in a place of prominence in our College Halls their names should be engraved in brass as a memorial and an inspiration. The war goes on and though the final issue will be the triumph of the Allies, contending for the cause of liberty for all, for individuals as well as peoples, the strain continues and may not have even reached its maximum. With the example before us of our own heroic soldiers who have been faithful to the call, the University of Alberta will not fail to respond steadily to our country's call.

The first amongst our university men to sacrifice his life in this dreadful war was Herbert Joseph Ball. He was born Feb. 11, 1887, in Coventry, England. In 1912 he registered in the University of Alberta in the Faculty of Arts. 'Bert' was best known around Alberta College where he resided and studied Theology. He was a good student, a genuine sport and bore all the qualities of a gentleman. In the fall of 1914 he entered University expecting to continue his studies but in October he responded to the call to arms and joined as a private to reinforce the Princess Patricias. He was early sent to the trenches and from that time nothing is known of him, except that his father has written stating that his son was killed May 8, 1915, by a bursting shell. The blood of 'Bert' Ball has baptized the University of Alberta to her share in the great battle for freedom.

Robert Fulton Barnes of Macleod, Alberta, was born April 8th, 1891. In the fall of 1913 he registered in the Faculty of Law in the University of Alberta. When the war broke out, he felt it his duty to face the foe. He joined the 101st Edmonton Fusiliers, 9th Battalion and went to Europe with the first Canadian Contingent. Though information is lacking concerning his death, we have learned that he was killed at Ypres, and he sleeps in the trenches, one of Canada's Glorious Dead.

John Parker was born in Tilshead, England, Jan. 28th, 1890. He had completed three years in his Arts course in the University of Alberta, but in the fall of 1914 he paid his own way to England to join his father's battalion. Later he became a Flight Lieutenant in the Royal Naval Flying Corps and was sent to France. Though the news of his death casts a shadow over us all, yet we feel a thrill of admiration and pride when we hear of his noble and heroic deeds. The following is the gist of an article printed in one of the papers of Tilshead, his home town in England.

"John Parker met his death in a German hospital, as a result of injuries which he received in an aeroplane engagement. Though the particulars of the fight are unknown, his bravery so attracted the admiration of the Germans, that one of the air-men flew back over the British lines and dropped a note, stating that they wished to pay tribute to his bravery. An English aviator carried a note back to the Germans thanking them for the tribute, and expressing their willingness to respond on like occasions."

ROBERTSON COLLEGE

"The Return of the Natives."

It's Oh! to be in Edmonton now that November's here and Robertson is open, and whoever wakes in Robertson these fine mornings says, "yes, it's O.K. to be able, at last, to shake the country dust from one's feet, to return to Alma Mater, to enjoy a decent bath and to live like a Christian once again."

Hoy joyous is the first month of the Return!

'Tis true and pity 'tis 'tis true that the shadow of evil days are already upon us, days when we shall say that we have no pleasure in them, for very soon we shall have to settle down to Hoti's Business and the study of the enclitic De, in other words, the seven delights, and live laborious days. But in the meantime we can still persist in being happy though registered.

Another delight of the Return is the swapping of experiences. These are the days when the various fields are classified and analysed and canonised or anathematised as the case may be. Those containing ten righteous persons (if such fields there be) are given a gold star, while those with five or less are decorated with constellations of lesser glory.

Despite the fact that twenty-five per cent. of last year's men have enlisted, the registration this year shows an increase. The total number of students registered is 68, 47 in residence and 21 extra-mural. A goodly number of the Old Guard are back; Fulton again is among us tickled to death to see his name on one of the New Varsity buildings, but dumbfounded to know the reason why. Arthur, himself is again with us, though not of us. He protests he has not sold himself for a bedroom but rather has captured an outpost. The Freshmen this year are of good stuff; many of them have come from centres without the Province, showing that the good name of Robertson is steadily spreading. To each and all we give a hearty welcome and our best blessing.

M. S. K.

ALBERTA COLLEGE

The first soccer game in the intercollegiate series was played between Robertson and Alberta College on the latter's campus. The A.C. team was as follows: Goal: Hillerud, Backs, J. W. Bainbridge, Priestley. Halves: Baker, Anderson, Pardee. Forwards: Forshaw, Upton, Campbell, Whitford, Lund.

The game was not very exciting and at no time were the Robertson men dangerous. At half time the score stood at 3—0 in favour of Alberta College. Forshaw played a good steady game and scored the first goal with a splendid crossover shot. Upton headed the 2nd goal through and Campbell scored the third.

The play in second half was like that of the first and three more goals were scored. The game finished with the score standing at 6—1 in favour of A.C.

The College has a good team but needs to play more combinations. There is too much bunching at times and too little watching the positions of the other men, still the cup should come "home" this year.

IN THE CORRIDOR

"Say! the faculty are going to be banquetted tonight."

Freshman. "I suppose we won't be allowed to go, eh?"

SOUND DOCTRINE.

R--d (late for dinner) "If—would shut up sooner, we might get to dinner on time."

E--I--T. "You mustn't pick holes in the faculty, they are infallible."

Martin Luther still has admirer and followers.

Does Tommy wish to solicit sympathy by sitting on his window-ledge darning socks?

Send them down below, Thomas.

Boys! Don't get offside so much.

Robertson backs make fine targets for their goal keeper. He seldom missed them.

"Congrats" oo Charlie on being elected Captain.

"Sunny Jim" hopes to get rid of \$2.50 in quarters. The more he pays the broader his smiles will grow. Watch him.

The Y.M.C.A. is organized for an aggressive year's work. Bible study is already under way. Eight groups are meeting for the discussion of social and religious problems.

Mission study, and Social Service will be introduced after Christmas. The executive does not apologise for bringing these studies before our students, because it believes that in the pursuit of such topics each student will not only find much that will be of interest, but also lasting profit.

LOST ON THE LUSITANIA

The sinking of the Lusitania brought sorrow to far-separated parts of the English-speaking world. Edmonton suffered, and so did the University. John Mainman and Alfred S. Mainman two of our students along with their father and mother were among the victims. John was a good footballer, Alfred was interested in the Literary Society, and both were on their way to reside in England when the terrible calamity occurred.

THE OPENING OF THE MAIN TEACHING BUILDING

On Wednesday afternoon, October 6th, an important event took place when the main teaching building was formally opened. The attendance was large and filled the spacious new hall to overflowing. The hall itself was decorated with palms and a large flag was hung on the wall to the back of the platform. The convocation was opened by an address from Dr. Sisley, presenting the building on behalf of the Board of Governors to the Senate. Chancellor Stuart made a fitting reply and after His Honor the Lieutenant Governor had formally opened the building, there followed the ceremony of granting the degree of Bachelor of Laws Honoris Causa, upon the following men:

President Murray, of the University of Saskatchewan.

President Westbrook, of the University of British Columbia.

Chief Justice Harvey.

Mr. James Muir, of Calgary.

Dr. R. G. Brett.

Principal Riddell.

Principal Dyde.

Archbishop Legal.

Bishop Gray.

Dr. D. G. McQueen.

Chancellor C. A. Stuart.

Owing to the lateness of the hour the speeches that followed had to be shortened very much and those of Dr. Brett and our own president had to be omitted altogether.

APPOINTMENTS TO THE STAFF

The University has this year, made a number of additions to the teaching staff.

In the Faculty of Arts and Sciences, Mr. Rupert Clendon Lodge, nephew of the well-known scientists, Sir Oliver Lodge has been appointed Lecturer in Philosophy. Mr. Lodge has made a name for himself in scholastic accomplishment from his early days at Manchester Grammar School up through Oxford Manchester, Marburg and Berlin. He has been on the teaching staff of Manchester, Dalhousie and Minnesota Universities and comes to us with high recommendations.

In the Department of Modern Languages the place left vacant by Dr. Fairley's call to Toronto, has been filled by Dr. E. C. Wooley, lecturer in German. Dr. Wooley graduated from Indiana State Normal School in 1904 and took his B.A. degree at the University of Indiana in 1907. In 1910-11 he studied at Leipzig, returning to the States in 1912-13, receiving his M.A. degree. He studied further at Wisconsin and Indiana Universities. He has had experience in educational work, having been for 4 years superintendent of schools in Indiana, and for one year a lecturer in German at Wisconsin University.

In the Faculty of Medicine, about nine new names appear, but at present we are able to mention but one, James Bertrand Collip. Dr. Collip graduated in Arts with Honors in Physiology and Biochemistry from Toronto. From 1912-1915 he studied as Fellow and research scholar in Biochemistry under Prof. A. B. Macmillan F.R.S. and in this time secured his M.A. and Ph.D. degrees. He has attracted much attention by his research work, some of his papers having been presented to some very important societies. He is lecturing in Biochemistry and Physiology.

There are three more lecturers whom we shall mention here: Geo. H. Steer, W. E. Edmonds and Geo. Robinson.

Mr. Steer is a Queen's man, well-known to most of us here, particularly for his proficiency in the legal field. He took the gold medal for the highest honors in the final examinations of the third year law, and has just recently been admitted to the bar. He is delivering a series of lectures on political science.

Mr. Edmonds passed through Queen's and Manitoba, later taking postgraduate work abroad. He is not without experience as an educator, having been at one time headmaster of the Manual School. He is lecturing in History.

Mr. Robinson needs no introduction to Varsity students. He is one of our graduates, having taken the degree of Bachelor of Arts in Science with First Rank Honors in Mathematics only last year. Previous to studying with us here, Mr. Robinson attended Manchester College. He is instructor in Mathematics.

WITH THE COLORS

The following is an extract taken from a card sent by A. E. Metcalf, who is fighting in France in the 31st Battalion.

Somewhere in France

Oct. 8, 1915.

"Just now I am in the hospital as a result of drinking poisoned water. The crucial moment has past, however, and I expect to

rejoin my unit in a day or so. The other Varsity lads are not far from us here, but we never see anything of them."

Sincerely,

Pte. A. E. Metcalf,
"D" Company, 31st Battalion
Army P. O. London, England.

C. A. Cameron, who left with the second Universities Company, after a short stay in France, received a commission in Kitchener's Army and is at present undergoing special training in Bedford.

THE LITERARY SOCIETY.

With the full determination to make the present year the most successful in the history of the University, the Literary Society with its various affiliated organizations: Dramatic Society, Orchestra, Debating Union and Glee Club—is planning and preparing in a manner which leaves little doubt as to the success of the coming months. At this early date it is not possible to do more than outline the proposed programmes of the different societies.

For the first night it has been decided to unite for the purpose of giving a public entertainment. The Orchestra, Dramatic Society and Glee Club each contribute to this opening night, which has been set for Friday, November 5th. The Glee Club, under the leadership of Mr. Shildrick, rumour says is accomplishing great things; the Orchestra likewise is in good hands, while the "Dramat," is working hard at the preparation of two short comedies. Their concerted efforts will no doubt, provide a very successful evening; one too which will be unique in this respect, that the "Lit." for the first time will call on no outside talent to assist in its opening night. Be sure to be at the Assembly Hall on the night of November 5th.

According to present plans the Literary Department hopes to provide programmes for about twenty evenings during the remainder of the session. The Dramatic Society is expected to supply three of these. The Glee Club and Orchestra will supply the complete programme for one evening and in March the Glee Club will hold its closing concert.

The Debating Union at the present time has not definitely decided on the part it is to play throughout the coming year. The scheme of the Student Parliament which proved so popular last year will no doubt, be revived with several improved features. Women's suffrage is in the air. The energies of the Union throughout the year will be directed towards one end, that the laurels won from Saskatchewan last year for the first time may be retained by this Univer-

sity, when we meet our opponents next spring. Surely this is a worthy resolve which merits the hearty support of all the students!

The orchestra has now sixteen members. Under the able leadership of Mr. H. C. Graham, it has performed at many student functions, and, as already mentioned, will assist at the opening night of the "Lit." The Orchestra is always ready to welcome new members and through the pages of the Gateway invites to its ranks any new student who can play a musical instrument. The practices are held in Athabasca Hall at 4 p.m., on Wednesdays. It is hoped that a band may be organized if a sufficient number of volunteers are available.

The Dramatic Society plans to make this year one of the most active in its history. Besides taking part in the opening night of the Lit., three nights have been reserved for the productions of the Dramatic Society alone. Members' meetings will be held during the year at which papers will be read, followed by discussion and — refreshments! The subject for study is "Present-Day Drama." This will doubtless prove both interesting and instructive. The chief event of the year will be the staging of the big play sometime in March. New students are cordially invited to become members.

The Glee Club also makes its first public appearance for this year on the night of November 5th., when it supplies one or two numbers of the programme. Later in the year, they, with the Orchestra, will provide the complete programme for one evening. Finally, in March, they will put on a closing concert: the proceeds of which will go towards defraying the expenses of the year.

The above is a brief sketch of the plans which are outlined for the present University year. The Literary Society is many sided in its activities and can not fail to interest in some way every student here. Through its efforts there are opened up before the new student opportunities which in their way are as invaluable as those of the class-room. Let us all, old students as well as new, join whole-heartedly in the support of this organization.

INSPIRATION

A wisp of light, on a mountain
height,
A flash from th 'unbroken blue;
A passing gleam
As a morning dream,
A trembling pearl of dew.

A sound as of showers, in the
morning hours,
A song in the thunder's roll;
A tremulous sigh
Like a sea bird's cry,
A wail from a passing soul.

The touch of a god, on an
earthen clod,
A contact with heaven's fire,
A burning ideal
As a spirit's seal,
A song from Orpheus' lyre.
H. R. L.

LADIES

The summer is over, and once more we return to the strenuous life of the University. For most of us the vacation has not been a time of idleness. Many have been engaged in the useful occupation of "teaching the young idea how to shoot," while others have practised the domestic arts. Still another section of our band camped at Gull Lake for a month in a cottage entitled "The Beach-knits," and from all accounts had the time of their lives. Even though the word "Lake" were not constantly upon their lips, these ladies could be easily distinguished by the coating of tan that adorns their arms and faces. To use their own expression, and to judge by some of the anecdotes they relate, they had a "pretty knutty time."

Having disposed of the summer holidays I suppose the next thing should be a word of welcome to the Freshettes. But, poor things, they have already had so many welcomes of one sort or another that on this occasion they shall be spared. On the evening of Oct. 8th they were formally ini-

tiated into the tribe of the Wauneitas. Huddled together in the dark awaiting their coming trial, what fears must have shaken the hearts of those fresh young things. Indeed the bravest might have quailed at the terrors which awaited them. But a veil must be drawn over those sacred rites. Suffice it to say that they came nobly through their ordeal, and at about 10.30 were sufficiently restored to eat a good supper of sausages and baked potatoes.

This form of Initiation, though entails a lot of work, and we think that we should be wise if next year we followed the example of the so-called sterner sex, and simply ordered the Freshettes to give us a dinner.

The Wauneita Society has an attractive and profitable programme planned out for the year; attractive, that is to say, for those who are efficient needlewomen and profitable for those who are not. We intend to devote our energies almost entirely to Red Cross work, and we fondly hope that Dr. Tory will turn the heels of all our socks for us, as we hear he is very proficient in that accomplishment.

Y. W. C. A.

The first regular meeting of the Y. W. C. A. took form of a reception and was held in the Lounge, Athabasca Hall on Oct. 14th. Mrs. Tory and Mrs. Allan with the President welcomed the guests, while Mrs. Broadus and Mrs. Lewis assisted at the tea-table. A very enjoyable time was spent in meeting the girls who have recently come to us. Our hopes are for a term of useful and active service.

ATHLETICS.

The Ladies Athletic Association bids fair to attain a higher degree of efficiency this year than it has ever done before. Several famous basket-ball players are in our midst so we hope that the Girl's Basket Ball Team will redeem its past failures with a series of victories. Hockey will start as soon as the first layer of ice is laid, and although we have lost some of our best players we still hope to have a strong team. The gymnasium work has begun again, and twice a week unwilling victims may be seen slowly wending their way towards the gymnasium.

SOCIAL EVENTS

There have already been two small dances this year. One, on Oct. 2nd, for the men who were on the point of leaving for Montreal on their way to the Front., and the other on Oct. 16th for the Calgary Rugby team. They were both very successful, though, owing to the mournfulness of the occasion, a slight gloom was cast over the former. Next year however, we hope we shall be having dances to celebrate their safe return.

ATHLETICS

Once again the University of Alberta field is the scene of many activities. In spite of the fact that military drill takes up a great deal of the time that would otherwise be devoted to Athletics, still the interest is as keen as ever.

Owing to the fact that many of our best athletes are now at the front fighting the redoubtable Dutchmen, the Athletic teams have to be filled up with raw recruits from the freshman class. Among the old stand-by athletic teams of former years who are now at the front or on their way, we might mention Parsons, Cascaden, Hammond, Glanville, Marshall, McQueen, Maunsell, Reilly, Stevens, "Art", Carswell, James, McDonald and Lewis of the Rugby sports; Appleton, Young, "Chub", Carswell, Simmons, Reeve, Drummond, Tower-ton and Taylor, our Soccer players; and Deitz, Lavell, Bee-croft, Loptson, Blayney, Carmichael of the Hockey Teams.

In spite of this fact the teams are lining up almost as strong as ever and we hope the students will continue to turn out and stand by the team representing the University.

Athletics in the province has suffered a heavy loss in the services of Rev. Robert Pearson, president of the Athletic Association of Alberta.

During the period that "Bob" Pearson has been the leader of Athletics in the province, he has devoted his time and energy to promoting good clean sports. An old Rugby player from Toronto University, he knows the game through and through and his services as referee at the rugby games has always been secured when possible. His equal for the position at the head of Athletics can not be found.

We sincerely hope for his safe return from the field of conflict in Europe and look forward to having him again the provincial head of our athletics.

RUGBY.

Varsity vs 63rd Battalion

The first rugby game of the season was pulled off at Diamond Park on Oct. 11, Thanksgiving Day. A good crowd of Edmonton civilians turned out to see the game and the "Tommies" brought up 200 blood-thirsty warriors to carry their team through to victory. They suffered defeat, however, the high-brows taking the long end of a 24-7 score.

Pilgrim, the captain of the Varsity squad was the star, travelling like a mauser bullet followed by a freight train and was responsible for most of the points made by Varsity. Perraton also showed up to perfection, booting the pigskin for further orders. For the soldiers, Jesse James of last year's Varsity team, showed that he was still on the job with the tackling stunts.

The soldiers scored first by a kick to the dead line. A few minutes later Varsity, by bucking the line, got the ball well up into the soldiers' territory, when Cameron the record sprinter from Medicine Hat, got hold of the ball, tucked the pig-skin under his arm and went down the field like a fire-eating automaton and scored the first try. A few minutes later Varsity worked the ball down into the soldiers 5 yard line, and Pilgrim bucked through, Woods converted and just before half time Varsity made a rouge. Score 7-7.

The second half was Varsity all the way. Pilgrim made 2 touches and Perraton 1.

The score ended 24-7.

While the enemy were making a terrific bombardment on the left flank, Brown and Montgomery were disabled for the rest of the season. A skirmish also took place on the side-lines during the heat of the battle. The "Tommies" raided the transport carrying Major McKenzie, head of the Rooters corps, and bugler Doze. The former had a narrow escape being almost stripped of his raiment; the latter escaped uninjured. "Chesty" Harper also was in the midst of the fray and received a pugilist's medal for getting in the way of a buglar.

VARSITY vs CALGARY CANUCKS

After one of the most stirring gridiron battles in local annals, our senior rugby team lost the Alberta Championship to the Calgary Canucks score 18-12.

The Canucks started the scoring after ten minutes of play when a kick from Perraton was blocked near the Varsity line and Stewart got hold of the ball and went over for a touch. A few minutes later after good line bucking, the Varsity team worked the play up to the Calgary end and Pilgrim went over the line. Good kicking by Perraton netted the Varsity team four more points and the score stood 10-6 for Varsity. Costly fumbles by the Varsity team were responsible for the Canucks netting two more tries and the score ended 18-12.

For Varsity Pilgrim and Annes were there with the goods. The Canucks uncorked some real stuff in Scotty McLawes, Geordie and Red McTeer and Wark of Tiger fame. The Canucks were lucky to get away with it, for were it not for the fact that some of our best men were disabled, the smile so plainly visible on the countenance of Joe Price would have been changed to tears. We must congratulate him, however, upon having in his lineup the finest bunch of sports that has ever struck the city.

SOCCER

The Soccer enthusiasts were disappointed when it was found that the Union could not spare

them the funds to go to Saskatoon. We hope however, that another year will see a greater number of students so that we may continue contests with our sister university.

Considerable interest is being taken this year in the Intercollegiate soccer league. Two games have already been played, but lack of space prevents our publishing them in full this week.

All the work of this number has been done by the University of Alberta Printing Press.

Y.M.C.A. RECEPTION TO NEW STUDENTS

The new students coming to the University and colleges never received a better welcome than they did this year under the leadership of Mr. Ralph Forster, chairman of the New-Student Committee. Trains were met, information given out and in every way possible the men coming to the University and College community for the first time were given to understand that they were welcome. The University Handbook was for the first time in several years given without cost to the new men. Receptions were held in each College, at which the work of the Association and all branches of University and College life were presented, and the Freshmen had an opportunity to get acquainted with the leaders of College activities. A special feature of the new student work has been the service which the committee was able to render the men in finding second hand textbooks.

Voluntary Bible Study groups are being promoted this year as usual among students. Two courses are offered this year. The Freshmen in residence are nearly all enrolled in either Mr. Race's or Dr. Sheldon's classes, studying Bosworth's "Christ in Everyday Life." Men in their Sophomore and Senior years have the option of "Student Standards of Action" led by Dr. MacEachran or "The Social Significance of the Teachings of Jesus" led by Rev. F. W. Patterson. Some of these men in turn lead other groups outside the residence. It is hoped that all non-resident students will take advantage of one of these very practical courses during the year.

The University Service which is held every Sunday morning is another activity promoted by the Intercollegiate Y.M.C.A. which should have the support of every student on the campus. Some of the best speakers in the Province have been secured for the services this year, and the Committee in charge is greatly indebted to these men who give their services freely. The University Choir will be a special feature this year, under Mr. E. Shildrick, who has been employed as Choir leader. The Services are held every Sunday morning during the College term in the Auditorium of the New Arts Building, and President Tory always presides when he is in the city.

Membership

All students will soon have an opportunity to join the Association in their respective colleges and to help promote a Christian atmosphere among their fellow students. When that time comes we would urge every new man to join with the others in carrying out a programme for the development of the highest ideals in the College community.

THE ROSTER

Andy Wilson, our jovial Scotsman has left us to take up a teaching position, Bruce Post Office.

Bob. Williamson has been appointed assistant engineer in the Government Irrigation Dept.

Miss Katie McCrimmon was teaching school this summer at Irricana Post Office.

It has been whispered that the first students are so occupied in reading the prescribed literature that they have no time to read anything interesting.

Mr. Doze who awakens the students of Pembina Hall every morning with his bugle was occupied for the summer in instilling knowledge into the young mind.

Some of the girls have expressed themselves as being grieved at the non-return of "Papa."

Have you noticed the decrease of Military Mustachios?

The Glee Club is under full swing with Mr. Shildrick at the helm.

The Dramatic Society has amalgamated with the Literary Dept. Better be there Friday night.

"And the Burning Question still remains. How many—?" But ask the girls, they will tell you

EMPRESS THEATRE

It has been said that few modern comedies and dramas adapt themselves readily to motion pictures on the grounds that the scenes of twentieth century successes do not present such opportunities for spectacular effects as the stirring dramas of a quarter century ago.

Perhaps one of the most notable exceptions to this rule is "The Earl of Pawtucket", which comes to the Empress theatre the first two days next week as the second of the famous Broadway Features, Lawrence d'Orsay, is the featured member of the photoplay cast.

Everybody has heard of Mr. d'Orsay and his long-drawn-out request for "caw-fee-e", and almost everybody knows the general characteristics of his omnipresent valet, Wilkins, whose one shortcoming is a lack of delicacy.

The Universal Corporation has succeeded in making of "The Earl of Pawtucket" a film that will make many new friends for Augustus Thomas, the author, and scores of new admirers for Mr. d'Orsay, who has visited Edmonton on two occasions in the role of the Earl.

On the program for next Wednesday and Thursday is a film featuring another famous comedian. Nat. Goodwin is the man and his vehicle is "The Master Hand". The play is described as a powerful drama of business, and besides Mr. Goodwin there will be in the cast several actors and actresses well known in the film world.

BIJOU THEATRE

Offered on the program for the first half of next week at the Bijou theatre is a bill of musical numbers direct from Broadway, sung by a competent company including John Fiddes, Ada Swaine, James Murphy and Billie Brennan, and a well trained chorus.

In the past the Favorite Musical company has presented several first class musical shows.

The winter season having now opened for the local theatres Manager Fiddes announces some programs far out of the beaten path to amuse his growing clientele.

Besides the musical program there is a bill of photoplays which must not be overlooked for the Bijou management is careful in its selection of films. For the last half of each week two reels in the famous "Broken Coin" series are shown. This serial arranged in several installments is probably the most thrilling photoplay story ever manufactured, and Bijou patrons are manifesting great interest in it. Grace Cunard and Francis Ford are the stars.

variety. There are five acts of unequalled vaudeville on the bill and one of the popular cartoon comedy motion pictures. In the headline position, stands "Colonial Days", vaudeville's most elaborate musical offering. A dozen talented artists compose this company that is complete with excellent music and singing, wonderful scenery and exquisite costumes. H. S. Dudley and his Mule, the late star of "The Smart Set", presents his original comedy offering, "The Standard Minstrel." Other acts this week are: Les Arados, two comedy acrobats; Creo, a mystifying illusion showing the Formation of a Woman from "A Rag, a Bone and a Hank of Hair"; and Dancing Davy, the novelty dancer.

Handsomely Tailored Suits and Overcoats

At Most Moderate Prices

It's like looking at Clothing through New York eyes when you inspect the many handsomely tailored suits and overcoats just received a short time ago. Nothing smarter in the way of new shapes and smart dressy shades. Every model is tailored to a beautiful finish by men high up in their profession. The best of good fortune await every man who selects from our large and varied stocks. The immense quantity of clothing we purchase each year enables us to quote such extraordinary low prices. Suits and overcoats of same quality and make usually sell for quite a bit more money at other places in the West.

Broadway Brand Clothing

Is noted for its superior workmanship quality and value. The manufacturers of this brand of clothing are pioneers in and by the suit we have in stock one very readily sees that they have made a study of latest styles and faultless cutting of the cloth and moulding of the garment. That is why we can recommend them to be absolutely the best suit obtainable at

\$18.00, \$22.00 and \$25.00.

**MEN'S NECKWEAR 50c.
and 75c.**

The assortment is large and varied, the color scheme is such that cannot fail to win the admiration of every man. No matter what pattern you may desire, we can please. There are regimental stripe ties, polka dot, diagonal stripes, floral patterns, etc. Wide end and narrow styles; the most beautiful collection we have ever shown at
50c and 75c.

THE NEWEST HATS FOR MEN AT \$2.50

Absolutely new in style, color and finish. You would never expect them to be sold at such a low price. The range is now complete at \$2.50

THE MEN'S CLOTHING SECTION IS MAKING AN EXTENSIVE DISPLAY OF NEW FALL OVER- COATS AT \$15.00

It's a display of overcoats for men such as has never been seen in Edmonton before. The coats are cut on the smartest lines of Autumn styles from dressy tweeds woven in those fashionable diagonal stripes, herring-bone effects and heather mixtures. Among them are coats that will appeal to the young chap as well as his more conservative elders. They all have convertible collars, of course \$15.00
